

### **Information for Patients**

---

Patients name and details

#### **Advice following hysteroscopy**

- **You will need to wear a pad after the procedure and you may need to continue wearing one for the remainder of the day.**
- **Please take it easy for the remainder of the day. There is a possibility of shoulder pain and abdominal discomfort – if this occurs, you are advised to take paracetamol (up to a maximum of 8 tablets in 24 hours).**
- **A return out-patient appointment will be given, if necessary.**
- **If there are any problems please contact Care 4 Suite.**

**Monday – Friday 9.00 am to 4.00 pm 0121 424 5382**

**Any other time 0121 424 5212.**
