

Freedom of Information Request: 0285 2019/20

If possible, I would like you to provide me with the following information:

- 1. The number of surgeries performed using vaginal mesh to treat pelvic organ prolapse or urinary incontinence for the last available fiscal year and previous years (up to 10 years in the past)**

QEHB:

Year	No of Procedures
2008/2009	1
2011/2012	2
2013/2014	1
2016/2017	1

HGS: HGS Vaginal mesh surgeries by financial year

Financial Year	Procedures
2013-14	6
2014-15	3
2016-17	3

Procedures searched for are:

- P236 Anterior colporrhaphy with mesh reinforcement
- P237 Posterior colporrhaphy with mesh reinforcement
- P245 Repair of vault of vagina with mesh using abdominal approach
- P246 Repair of vault of vagina with mesh using vaginal approach

- 2. The total number of pelvic organ prolapse surgeries that were performed on women and men (separate statistics) between 01 April 2018 and 01 April 2019**
QEHB:

Female: 6

Male: We are unable to answer the male part of the question as there is no specific diagnosis code for male prolapse, the diagnosis that would be used would also cover other bladder conditions.

HGS:

Female: 160

Male: We are unable to answer the male part of the question as there is no specific diagnosis code for male prolapse, the diagnosis that would be used would also cover other bladder conditions.

- P220 Repair of prolapse of vagina and amputation of cervix uteri
- P221 Anterior and posterior colporrhaphy and amputation of cervix uteri
- P222 Anterior colporrhaphy and amputation of cervix uteri NEC
- P223 Posterior colporrhaphy and amputation of cervix uteri NEC
- P228 Other specified repair of prolapse of vagina and amputation of cervix uteri
- P229 Unspecified repair of prolapse of vagina and amputation of cervix uteri
- P230 Other repair of prolapse of vagina
- P231 Anterior and posterior colporrhaphy NEC
- P232 Anterior colporrhaphy NEC
- P233 Posterior colporrhaphy NEC
- P234 Repair of enterocele NEC
- P235 Paravaginal repair
- P236 Anterior colporrhaphy with mesh reinforcement
- P237 Posterior colporrhaphy with mesh reinforcement
- P238 Other specified other repair of prolapse of vagina
- P239 Unspecified other repair of prolapse of vagina
- P240 Repair of vault of vagina
- P241 Repair of vault of vagina using combined abdominal and vaginal approach
- P242 Sacrocolpopexy
- P243 Repair of vault of vagina using abdominal approach NEC
- P244 Repair of vault of vagina using vaginal approach NEC
- P245 Repair of vault of vagina with mesh using abdominal approach

- P246 Repair of vault of vagina with mesh using vaginal approach
- P247 Sacrospinous fixation of vagina
- P248 Other specified repair of vault of vagina
- P249 Unspecified repair of vault of vagina
- P281 Total removal of prosthetic material from previous repair of vaginal prolapse
- P282 Partial removal of prosthetic material from previous repair of vaginal prolapse
- P288 Other specified repair of prolapse of vagina
- P289 Unspecified repair of prolapse of vagina
- P301 Total removal of prosthetic material from previous repair of vaginal vault prolapse
- P302 Partial removal of prosthetic material from previous repair of vaginal vault prolapse
- P308 Other specified other repair of vault of vagina
- P309 Unspecified other repair of vault of vagina

3. The total number of patients who were recommended pelvic floor muscle training as treatment for their pelvic organ prolapse between 01 April 2018 and 01 April 2019

QEHB – 0, we do not have a Women’s Health service on this site

HGS - 255

In terms of pelvic organs, I refer to the pelvic organs such as the bladder, uterus, vagina, bowel, and rectum.
