

## Freedom of Information Request: 0302 2019/20

- Does this hospital trust currently treat Systemic Scleroderma (also known as Systemic Sclerosis/ Diffuse Scleroderma)? Yes
- 2. If the trust does treat Systemic Scleroderma, at what sites does the treatment occur? All sites across UHB Trust: Queen Elizabeth Hospital Birmingham, Good Hope Hospital, Solihull Hospital, Heartlands Hospital Birmingham.
- 3. If the trust does treat Systemic Scleroderma:
  a. If possible, I would like the yearly data for 2015, 2016, 2017 and 2018 for patient treatment, broken down by age (children and adults)
  We do not hold this information. There is no formal coding of outpatient activity, this means that we cannot reliably obtain a figure for the number of patients treated for Systemic Scleroderma
  - **b.** total number of patients admitted with Systemic Scleroderma

    The figures below relate to inpatients admitted with Systemic Scleroderma, but not necessarily receiving treatment for that condition.

Year	Adult	Children
2015	327	
2016	297	
2017	346	3
2018	362	
Grand Total	1332	3

4. Does this hospital trust currently treat Cutaneous T-Cell Lymphoma (CTCL)?

Yes

5. If the trust does treat CTCL, at what sites does the treatment occur?

Queen Elizabeth Hospital only

Chair: Rt Hon Jacqui Smith

Chief Executive: Dr David Rosser

## 6. If the trust does treat CTCL:

a. If possible, I would like the yearly data for 2015, 2016, 2017 and 2018 for patient treatment, broken down by age (children and adults)

Please note these figures include outpatients only. We do not code inpatient treatments so cannot derive these figures for inpatients.

Year	Adults	s Chi	ldren	Grand Total
	2015	226	1	227
	2016	270		270
	2017	290	3	293
	2018	316	1	317
<b>Grand Total</b>		1102	5	1107

## b. total number of patients admitted with CTCL

The figures below relate to inpatients admitted with CTCL, but not necessarily receiving treatment for that condition.

Year	Adult	Children
2015	7	
2016	14	
2017	20	1
2018	42	
Grand Total	71	

Chair: Rt Hon Jacqui Smith
